This month our staff recognized Samantha Vanwagoner as a Blue Harbor Hero. Samantha has been working here at Golden Living for almost one year. She has been employed by Golden Living Care Department as a residents' aid. She is a shy and a quite person to those who meet her at first, but those who get to know her a little better, know that Samantha can be very outgoing, friendly and fun to be around person. Her coworkers who work closely with her describe Samantha as a reliable and hardworking employee.

On many occasion Samantha has covered her coworkers' shifts when asked, sometimes even last minute. She is quick to respond and is initiative towards taking on work tasks.

She is a compassionate person and serving the Golden Living residents are always a priority to Samantha. She has great love and respect for each and every resident she works with. She will take time to listen, to understand and to help each resident as she goes about performing her daily work routine. Her positive attitude lifts Golden Living residents' spirit. In return, many residents say that they have great respect and appreciation for Samantha and are pleased with the work that she does.

Samantha also takes initiative helping in other departments. She enjoys participating in creative activities with the residents. She takes the time to invite the residents to participate in activities and spends time helping the residents finish their projects. Samantha always encourages the residents to be proud of their work.

Congratulations, Samantha.

We are grateful to have you as a part of Golden Living Community.
